This is in response to your letter of February 17, 2006, regarding the administrative costs of the Virginia Leadership PAC. All of our administrative and bookkeeping services are provided by Winpisinger & Associates, Inc. This firm bills us on an hourly basis and because the total number of hours worked during 2005 did not exceed the \$200 itemization threshold, the cost was not itemized on our FEC reports. If you need any additional information, please let me know.
